How to Play

1. Explore www.opalco.com to learn about energy efficiency and conservation. OPALCO's Energy Services web pages have been rebuilt to give members easy access to the most up-to-date and useful information, tools and forms—www.opalco.com is your go-to source for all things OPALCO.
2. Explore www.togetherwesave.com to see for yourself how and where you can save energy and money in your own home. Type in your zip code to customize the tools for our climate zone and residential rate. OPALCO has partnered with Touchstone Energy Cooperatives to bring you powerful tools, resources and DIY videos to get you on the path to energy efficiency and conservation savings.
3. Research and answer the ten quiz questions / complete the tasks.
4. Return your completed entry form to OPALCO by 4:30 pm Friday, July 1st. Entries can be submitted via email to ehoward@opalco.com; by mail to 183 Mt. Baker Rd. Eastsound WA 98245; or in person at any OPALCO office.

Together We Save Quiz

1. How much do you pay for each kWh of electricity used? (disregard the base charge) _____
2. If you wanted to know how much electricity you consumed in 24 hours, how would you find out? (*more than one right answer*) _____

3. In our local region, the San Juan Islands, what are the top two things in your home that contribute to your electricity usage? _____
4. OPALCO has a new green program in support of local renewable energy. What is it called? _____ How do you sign up? _____
5. Go to www.togetherwesave.com. Click on "Add Up Your Savings." Find the water heater and figure out how much money you could save if you turned the water heater temperature down to 120 degrees.

6. Go to www.togetherwesave.com. Click on "Watch & Learn" and the "Setting Your Thermostat" video will start playing. Your heating can contribute what percentage to your energy bill? _____
(*You may want to watch "Buying a Programmable Thermostat," too.*)
7. What must you look for when buying a new clothes washer in order to get the highest rebate back from OPALCO? _____
8. Name 8 things you can do in your home to increase your energy savings without spending a dime:

9. Explain the difference between Energy Efficiency and Energy Conservation:

10. Sign up to receive OPALCO's Energy Services Blog "Sharing the Load." Go to <http://feeds.feedburner.com/Opalco>. Click on "Get OPALCO delivered by email" (found at the bottom of the 'Subscribe Now' box on the top right of the screen). Enter your email address. Open your email and click on the link that will be sent to you from FeedBurner to confirm your subscription. OPALCO will be able to confirm that you are signed up.
