ENERGY EFFICIENCY INCENTIVE AGREEMENT

Disclaimers: Orcas Power & Light Cooperative (OPALCO) hereby disclaims any and all implied warranties (including but not limited to implied warranties or merchantability or fitness for a particular purpose) and shall not be responsible for any representation or promise with respect to the equipment, materials or labor required for the installation of energy efficiency measures on the premises, or the cost of such equipment, materials and labor.

ADDITIONAL CONDITIONS:

1. Available to OPALCO residential members for existing-single family residences, manufactured homes. Residential structures must be in a habitable condition with a primary electric heat source. All structures must be on an OPALCO residential electric rate and have an active residential account.
2. Homeowners are responsible for complying with all applicable codes and regulations.
3. Incentives less than \$100 are applied as a credit to the member's account; greater than \$100 are paid directly to the member/homeowner by check.
4. OPALCO reserves the right to inspect energy efficiency measures prior to payment and will coordinate inspection as applicable.
5. Please allow 6-8 weeks for processing and payment of incentives.

ELIGIBILITY:

- For existing single-family or manufactured homes.
- If PTCS duct sealing is performed at the same time as air sealing, the baseline blower door CFM50 reading for the whole house air sealing and testing measure must be taken with all the supply and return duct registers temporarily sealed off, so that house air leakage can be measured independently from duct leakage.
- If combustion appliances are present, a UL or CUL approved carbon monoxide detector must be installed.
- Mechanical ventilation may be required.
